

AMENDMENTS TO THE SPECIFICATION

Please replace the title of the application with the following title:

AN OPTOELECTRIC SENSING DEVICE WITH COMMON DEFLECTION DEVICE

Please replace second full paragraph on page 10 with the following paragraph rewritten in amendment format:

To permit the propagation of the radiation between the sensor module 29 and the deflection module 23 through the cover section ~~support plate~~ 32 of the support structure 21, the support structure 31 is provided – at the corresponding positions – with two transmitter lenses 33 each associated with one of the laser modules 11 and a receiver lens 35 associated with the receiver 15, all lenses being integrated into the support plate 31 ~~32~~. This will be looked at in more detail in connection with Fig. 2.
